## SUMMARY:

---

A data scientist with extensive experience in Machine learning, deep learning and statistical analysis. I have worked on projects based on time series, tabular datasets, computer vision and natural language processing. Also got experience of building REST API and deploying on cloud.

## CERTIFICATIONS:

---

Complete Data Analyst Bootcamp from 365 Data Science

Machine Learning with Python from 365 Data Science

Pytorch for Deep Learning from ZeroToMastery

## RELEVANT PROJECTS:

---

Regression Model Predicting Diamond Price

[Project Link](#)

- Did feature engineering, trained the model and created pipelines
- Created a backend in flask to test the model and dockerized it.

Sentiment Analysis on IMDB Dataset using transformers

[Project Link](#)

- Fine Tuned Uncased BERT model
- Usage of PyTorch and Transformers

Analyzing effects of Elon Musks tweets on Cryptocurrency

[Project Link](#)

- Collected financial data using API.
- Found other financial assets which could be used to draw a side by side analysis.
- Did the final analysis with Google Causal Impact.

## EDUCATION:

---

Ongoing since 2024

Bachelor of Science in Computer Science and Engineering  
University of Liberal Arts

2021 – 2022

Bachelor of Science in Computer Science and Engineering  
Daffodil International University

2020

Higher Secondary School Certificate  
The Millennium Stars School and College, Rangpur

## SKILLS:

---

- Machine Learning and Deep Learning
- Business and Finance
- AWS
- API Development
